About Redcliffe Hospital

Redcliffe is a growing seaside city and home to approximately 50,000 people. Safe, sandy beaches and scenic parks span Redcliffe's 22km of coastline. Affordable rental accommodation is readily available in close proximity, or live in Brisbane and enjoy the easy commute against the traffic with free onsite parking available. Benefit from the conveniences of living near the capital city and airport with the ability to enjoy the beach after work or escape to the hinterland at the weekend. The busy 240 bed Hospital is just 30 minutes north of Brisbane city centre and only ten minutes walk to the seafront.

Our Hospital prides itself on being a centre of excellence for education, where clinical competence and professional advancement are promoted through a diverse range of clinical exposure and hands-on experience in a friendly and supportive environment. The superb lifestyle, extensive training, exciting challenges and a multitude of career opportunities make Redcliffe the perfect place to advance your career in medicine.

Junior Doctor Opportunities at Redcliffe

- Professional Opportunities – broad clinical exposure and hands-on experience, Redcliffe is a recognised training facility for multiple specialties
